

DIANA PANTON

*soft winds and
roses*

soft winds and roses highlights modern classics from the 1960s onward infused with that “*je ne sais quoi*” that defines Diana’s signature sound. She has the gift of alchemy to transform any song (popular, obscure, new, or old) and make it sound like her own. The feather-light intimacy is so direct that the lyric feels like a secret passed between Diana and her listener. It seeps under your skin, blooms in your heart and remains there, affirming that this sonic elixir is something rare and special.

3x JUNO WINNER - 3x SILVER DISC AWARD WINNER
DIANA is one of the special artists in the world
More than that, she is IMPORTANT!

TECHNICAL INFORMATION

The 2xHD Fusion Mastering System: In the constant evolution of its proprietary mastering process, 2xHD has progressed to a new phase called 2xHD FUSION, integrating the finest analog, with state-of-the-art digital technology. The mastering chain consists of a selection of high-end vacuum tube equipment. For the recordings on this album, the original 96/24 master was played on a Nagra REF DAC high-end tube playback converter, wired with OCC silver cables to the 2xHD analog mastering electronic tube system permitting 2xHD FUSION to obtain a better resolution and 3D imaging. The resulting signal is then transferred back into high resolution formats by recording it in DXD using a custom 2xHD Technologies A to D converter. All analog and digital cables that are used are state-of-the-art Siltech. The 2xHD FUSION mastering system is powered by a super capacitor power supply, using a new technology that lowers the digital noise found in the lowest level of the spectrum.
