Inspiration and Imagination

Johan Versk

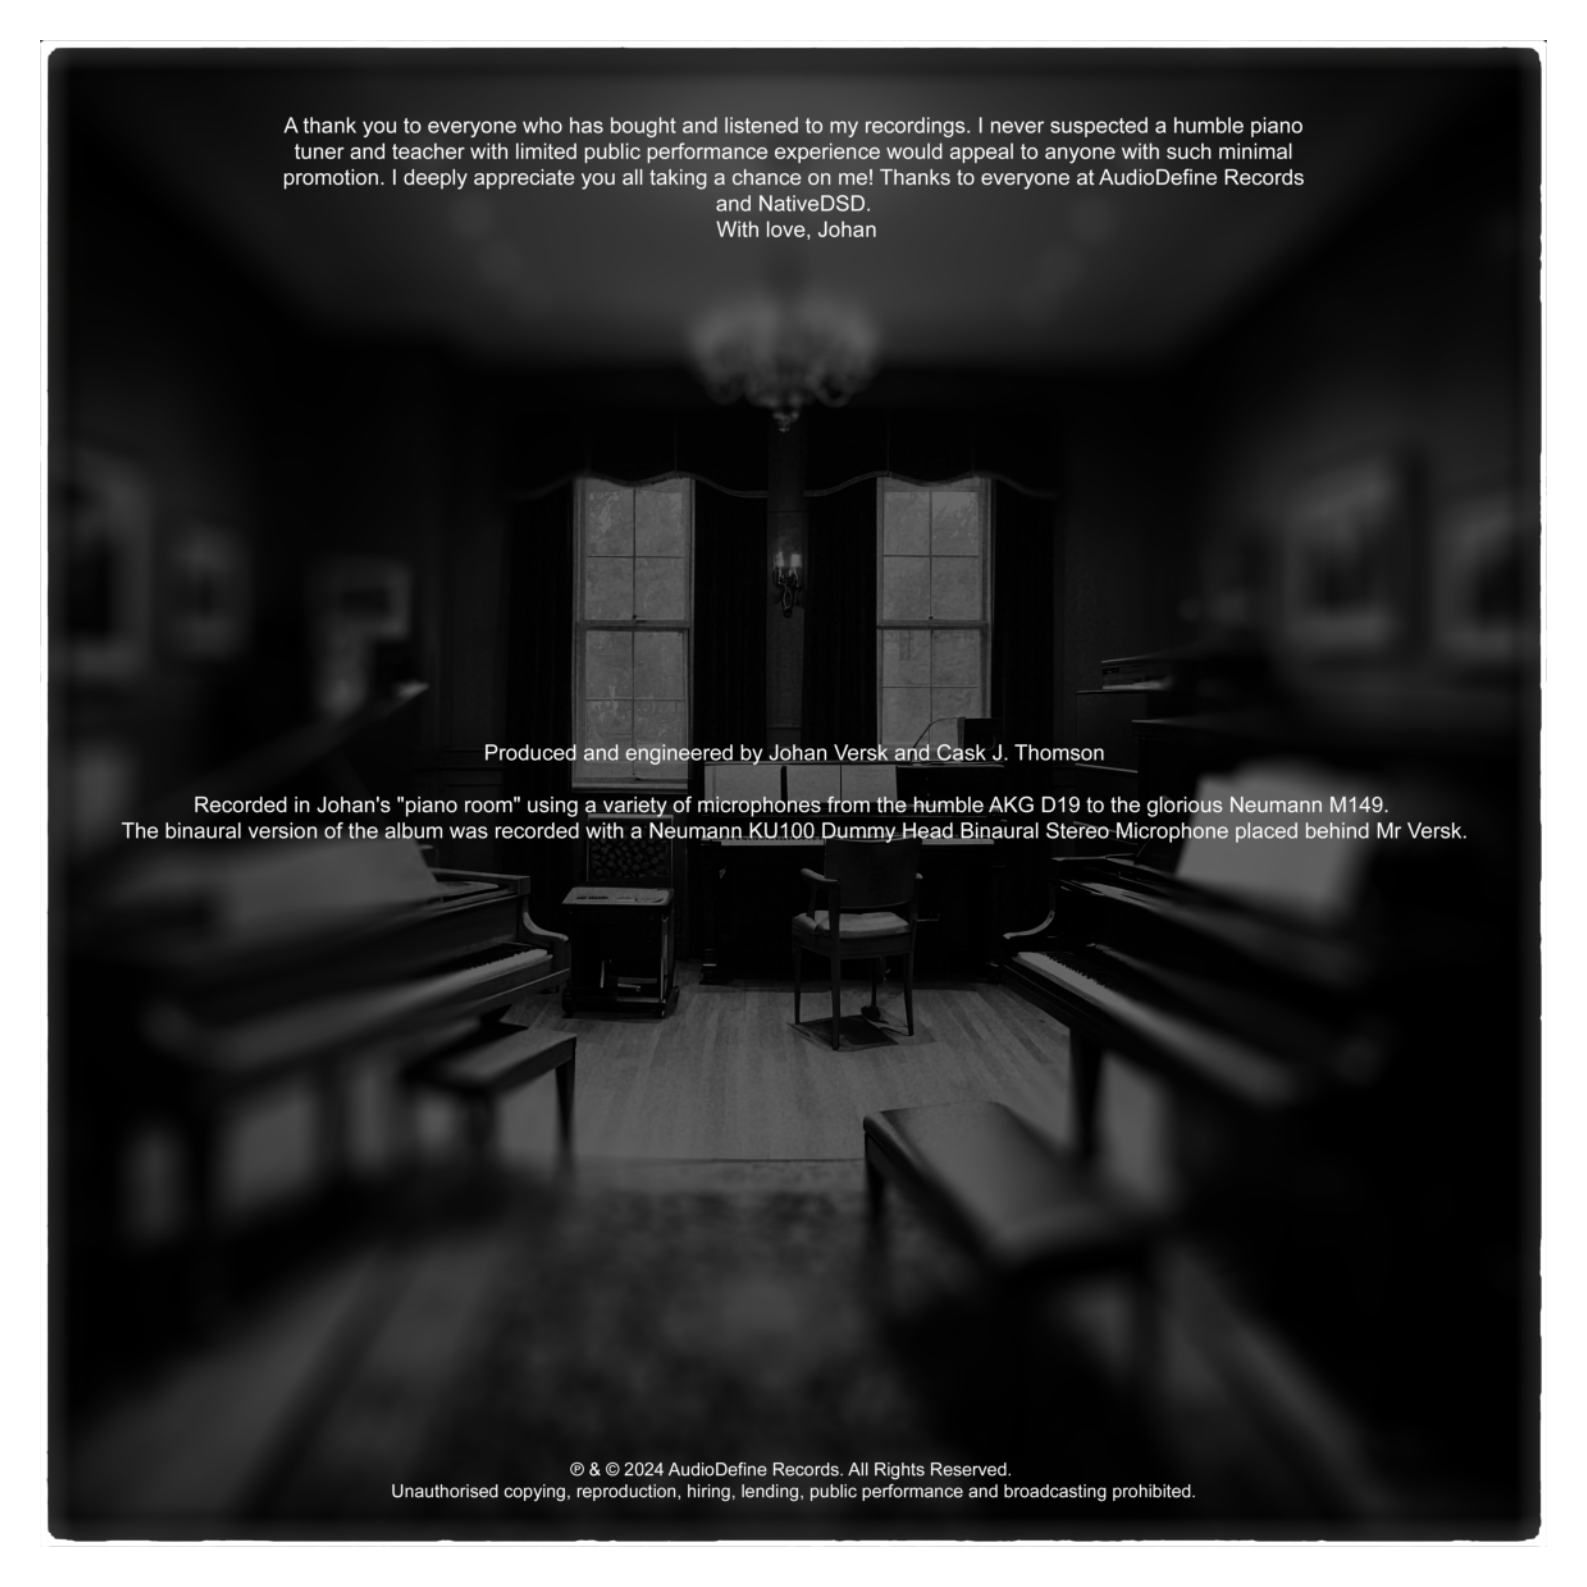

Inspiration and Imagination

01. Over the Rainbow (*Harold Arlen*)
02. Raindrop Prelude - Prelude Op. 28, No. 15 (*Frédéric Chopin*)
03. Child Falling Asleep - Kinderszenen, Op. 15 No. 12 (*Robert Schumann*)
04. Wedding Day at Troldhaugen, Op. 65 No. 6 (*Edvard Grieg*)
05. Granada - Fandango (*Victor Laurent*)
06. Amazing Grace
07. Serenade of a Forgotten Love (*Johan Versk*)
08. Whispers in the Mist (*Johan Versk*)
09. Song Without A Home (*Johan Versk*)
10. To The Dreamer Within Me (*Johan Versk*)

Recorded in Johan's "piano room" using a variety of microphones from the humble AKG D19 to the glorious Neumann M149.

The binaural version of the album was recorded with a Neumann KU100 Dummy Head Binaural Stereo Microphone

The microphone signals were routed through Rupert Neve Designs 5024 Quad Mic Preamps. Analog-to-Digital Conversion was handled by a Burl Audio B2 Bomber. The digital signal was then fed into the Tascam DA-3000 Stereo Master Recorder, capturing the performance at 5.6MHz (DSD128).

A thank you to everyone who has bought and listened to my recordings. I never suspected a humble piano tuner and teacher with limited public performance experience would appeal to anyone with such minimal promotion. I deeply appreciate you all taking a chance on me! Thanks to everyone at AudioDefine Records and NativeDSD.
With love, Johan

Produced and engineered by Johan Versk and Cask J. Thomson

Recorded in Johan's "piano room" using a variety of microphones from the humble AKG D19 to the glorious Neumann M149. The binaural version of the album was recorded with a Neumann KU100 Dummy Head Binaural Stereo Microphone placed behind Mr Versk.
