

The background of the entire image is a vibrant cosmic scene. It features a bright, glowing band of a galaxy or nebula in shades of orange, yellow, and red, stretching diagonally across the frame. In the upper left, a large, detailed planet with a grey and white cratered surface, resembling the Moon, is visible. In the lower right, the curved, reddish-brown horizon of another planet is shown. The deep blue and black void of space is filled with numerous small, distant stars.

# Sounds of the Galaxy

EXPERIMENTAL ENSEMBLE

The logo consists of a yellow house-like shape with a black border. Inside the shape, the letters "HR" are written in black, and below them, the word "RECORDINGS" is written in black.
