- The background of the entire image is a photograph of tall, thin grasses in silhouette against a vibrant sunset sky. The sky transitions from a deep orange and red at the top to a pale yellow and green near the horizon. The grasses are dark and detailed, with some seed heads visible.

Thanks to the wonderful team
of Forward studios/record label.

To my friend and musical producer
Israel Varela and to the amazing
musicians that generously gifted me
with their absolute talent.

But the greatest thank you goes
to Nadia Cancila, for her absolute

Thank you for listening.
Music can only happen when the two sides
are present: the musician and the listener.
On that journey, we were lucky enough to
have wonderful musicians, playing with the
best sound quality we could achieve at the
time. Things change, equipment change,
we evolve, but the beauty of music is the
essence that remains, no matter what.
