Sandstorm

Moments talk me, memories bind me,
You and I felt like a rock against a sandstorm.

Fighter

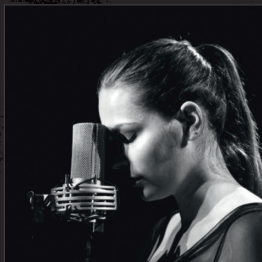

I'll show them a fighter
I'll paint my feelings darker
I will not adulterate
You need to see us as we are

My Infinity

I do believe
You and I will unite under the milky way
We'll dance the night away
In your arms I'll stay
With stars and planets we'll sway
Until Infinity.

No Words...

No words needed
Eyes speak instead
When I'm with you
No words needed no

Emese Szabó-Sarkadi: The Garland is an amazing musical journey and for the first hearing I felt that I would like to be part of this. This is really my world and I am already in every single song and every single voice.

Ferenc Honyecz: Thanks and gratitude to Nick Beggs (Bass guitar) and Dominic Miller (Guitar) for the musical inspirations and moods. Thanks to Ferenc Papfalvy who fabricated my harp. Giving concerts and the recording of this CD with this harp are exceptional experiences for me. Thanks to Mr. David Kortier for the excellent pickups, cooperation and the openness. And thanks to Audio-Technika and its team for accomplishing all my technical claims and helping us to realize our ideas.

Ferenc Honyecz: "I have worked as a musician, composer, producer since 1987 and I can claim that the message of a music must be clear and honest, this is why I am looking for a message which only inspired by these. I really can believe in only this today. We have found each other in this accordance and we would like to show the strength of this and our musical world. As an experienced formation we sing about the confidence from love, friendship, from persistent honest devotion and each single thought of stable value."
