

SWAN FROM AFAR

Along with the hurricane. Came from afar. Where crocodiles swallow palm trees, where planets line up as portholes, where hallow ghosts sing bel canto, where crowns bend like a clown cap.

Messziről jött. A forgószéllel. Onnan, ahol pálmafát eszik a krokodil, ahol a bolygók úgy sorakoznak, mint kajütablakok, ahol szent szellemek bel canto dalolnak, s ahol a koronák úgy hajlanak, mint egy bohócsipka.
