Distributed under exclusive licence from AudioDefine Records.

Flat transferred from RMGI SM900 tape using a freshly-serviced TEAC X-1000R Reel-to-Reel.
Analog to DSD via Korg MR-2000.

Minor level adjustments and trimming via Korg Audiogate.

The result of this DSD release is drastically different from the digital release of the album available on streaming services and digital stores. This edition is exclusive to NativeDSD.
